

# About Us

Through a variety of primary prevention, intervention and treatment services, Gateway works with numerous other local and state agencies and organizations in an attempt to reduce and control problems related to those abusing or at risk of abusing alcohol and other drugs. Our confidential services are provided without regard to sex, race, religion, national origin, age or handicap. Gateway Counseling center also provides instant and laboratory drug screening services for the community. Call for details.

# Prevention Services

Prevention Services are designed to help individuals, groups and the community to reduce the risk of developing problems associated with the use of alcohol, tobacco and other drugs by providing the following:

- Participation on community coalitions, councils, boards, etc.
- Participation in community events
- Alcohol and tobacco merchant education programs
- Tobacco and alcohol merchant compliance check
- Speaking engagements for youth, adults and senior groups relating to a variety of topics
- Evidence-based education programs

**All Prevention services are data driven and researched based**

# Intervention Services

Intervention Services are designed to meet the needs of individuals showing signs of alcohol and/or other drug problems by providing assistance aimed at preventing further development of the problem.

## Intervention Services Include:

Alcohol and Drug Safety Action Program (ADSAP)- this statewide service is for individuals who are convicted of operating a motor vehicle under the influence (DUI) or driving with an unlawful alcohol level (0.08% or greater), who are referred by the SC Department of Natural Resources for boating under the influence (BUI), individuals whose license are suspended if they are charged under the zero tolerance (drivers under the age of 21) or have a blood alcohol concentration of .15, and for individuals that refuse to take a blood, breath or urine test. Successful completion of this program is required by South Carolina law in order for DUI offenders to be relicensed in the state of South Carolina.

# Treatment Services

Outpatient treatment services are designed to provide a variety of options to for individuals who are already experiencing problems related to alcohol and other drugs. Pregnant women and intravenous drug users are given priority for treatment services.

## Treatment Services include:

- Individual, Family, and/ or group counseling
- Group counseling from one to three times per week
- Adolescent Counseling (parent/ guardian consent for services required for youth under the age of 16)
- Crisis Intervention
- Referral to detoxification services
- Continuing Care Services

*Fees are based on ability to pay and no one is refused services because of inability to pay.*
